

DIY *Instant summer outdoor dining*

pre-fab, flat-pack - all you do is paint

Take one hardboard door, two pine trestles and a chunky pine work island. Add a lick of paint and a podged fabric frieze. The result? A charming al fresco dining experience with maximum effect for minimum effort. Best of all, most of this casual, artisanal-style furniture packs flat to store away between outdoor feasts.

You will need:

- 1 x Flush hardboard door
- 2 x Pine trestles
- 1 x Pine work island
- Drop sheet
- Ecoman paint brush & tray set
- 20 € Master Decorator's Acrylic PVA white
