# The Insta Cupboard Story

Any room should evoke joy and energy.  
Clean & simple is the underlying philosophy.

Start with our Insta Cupboard range. It gives you the perfect base to design your kitchen layout. Choose from corner cupboards, drawer sets, shelves and more.

An Insta Cupboard saves you hours of time. We do the cutting, drilling and edging all before delivery of your pre-assembled cupboard.

If you're uncertain about the designs you want, we also have several other units of pre-assembled cupboards available to choose from.

Insta Cupboards are pre-assembled.  
The perfect base to start that new room.

We'll help you plan it.  
It's easier than you think.

Just six steps. Effortless and easy.

Step 1

Measure your room and make a rough sketch showing services and doors.

Step 2

Select the correct carcasses to fit into your project.

Step 3

Choose your colour of cupboard doors and worktops from our high-quality range – and don't forget accessories.

Step 4

Save time and effort by letting us pre-cut, edge and drill holes in the doors, so all you have to do is install them.

Step 5

Allow us to deliver your units at competitive rates.

Step 6

You can do the installation yourself, or let us recommend a professional.
